**DON'T GET CAUGHT! BEWARE THE PHISHER!!!**

*When internet fraudsters impersonate a business to trick you into giving out your personal information, it's called phishing. Don't reply to email, text, or pop-up messages that ask for your personal or financial information. Don't click on links within them either – even if the message seems to be from an organization you trust. It isn't. Legitimate businesses don't ask you to send sensitive information through insecure channels.*

One of our members recently received an email that referenced bill pay and appeared to be from the credit union. It contained a link to click on. **He's been phished!!!** He called the credit union immediately to verify whether the email was from Big Thompson FCU. **IT WASN'T.** We will **NEVER** send you an email with a link to click on, or request your personal or financial information.
